

Privacy Policy

Introduction

LEAD takes your family's privacy seriously. This document will let you know what data we collect, why we collect it, how you can control your data. LEAD uses a third party vendor, [Homeschool-Life](#), for our website and its functions. Your data passes through to them for storage, so please see their [privacy policy](#) as well.

Types of Information We Collect

We collect names, addresses, phone numbers, and optionally, children's information. We also collect preferences for emails and forum topic mailings. We may collect your electronic acceptance of participation agreement, behaviour expectations, liability release and such.

We use Paypal to collect payments. We do not see nor store your credit card information. See Paypal's [webpage](#) for their security information.

How We Collect Your Information

Upon initial registration your profile is filled with the information referenced in the above section. After that, your information is updated by you in your profile.

Use of Your Information

Your information is used by LEAD to identify those families that have registered with LEAD. It identifies you with other LEAD members on the forums should you make use of that feature. Your information allows us to track who has registered for classes and track payments for class registrations or other events (such as Talent Show tickets) that require such information.

Sharing Your Information with Others

LEAD does not share your information with any other party. Your information is stored on the servers of our website provider [Homeschool-Life](#). They maintain a [security policy](#) on their website.

Your Control of Your Data

You have the ability to change your data in your profile at any time. You can request that your account be removed. Your profile data will automatically be removed after a certain amount of time has passed if you choose not to renew your membership.

Children's Privacy

Our website only collects personal information on children under the age of 13 that is provided by the parent themselves. Parents may delete their children's information at any time in their profile. Again, LEAD does not share private information with any other party other than our website provider, [Homeschool-Life](#).
